# Keynote Speakers

- Sofia Anyfantaki is a Senior Economist at the European Central Bank in the Directorate General Research – Financial Research (DGR-FIR). Her work spans econometric theory, financial econometrics, empirical finance, and banking, and she has contributed to research and policy projects on financial literacy and climate change.
- Aria Glynia is currently an ONISILOS Marie Skłodowska-Curie Fellow at the Department of Economics at the University of Cyprus. She previously served as a research fellow at the Department of Economic Theory and History at the University of Málaga. She received her PhD in Economics from the University of Bologna in 2022. Her research focuses on microeconomic theory, with particular emphasis on information economics.
- Romanos Priftis is a Lead Economist at the European Central Bank, with extensive experience from previous roles at the Bank of Canada and the European Commission. He specializes in macroeconomic research, advanced modelling, and economic forecasting.
- Stelios Sakkas is a Senior Economist at the Economics Research Centre of the University of Cyprus and an Adjunct Lecturer in the Department of Economics. He is also a Research Associate at the Hellenic Observatory of the London School of Economics and at the Foundation for Industrial and Economic Research in Greece. Previously, he served as a Research Economist at the Joint Research Centre (Seville) of the European Commission, within the Territorial Analysis, Data and Modelling Team. His research focuses on macroeconomics, fiscal policy and public finance, as well as DSGE modelling.
