

# WELCOME TO THE NEW ERA OF ORGANIC FRESH BABY FOOD

# Nulicious

Homemade reimagined

**100% Nutritious**  
**100% Delicious**  
**No Additives**  
**No Added Sugar**

# WE ARE NULICIOUS!

## THE FIRST ORGANIC & FRESH BABY FOOD

We combine nutritional science with the most advanced technology to ensure that your little ones receive all the nutrients they need. With High Pressure Processing (HPP), our meals can be kept fresh in the refrigerator, while still maintaining their delicious flavours and soft texture. We always use 100% organic ingredients in our meals, with no added sugars or preservatives.

## GIVE YOUR BABY THE BEST START IN LIFE

Nulicious understands the importance of the first 24 months in establishing healthy eating habits and long-term well-being. Our meals are carefully crafted with a perfect blend of essential vitamins, minerals, and nutrients to delight and nourish your little one, ensuring they receive the very best in every bite!

We take pride in ensuring that our food is of the highest quality, just like homemade, so you can trust that your child is getting the best possible start in life.
