

**QUALITY ASSURANCE POLICY**  
**OF THE POSTGRADUATE PROGRAMME MSc IN STATISTICS, OF THE ATHENS**  
**UNIVERSITY OF ECONOMICS AND BUSINESS**

The quality assurance policy of the Department of Statistics of the Athens University of Economics and Business is fully aligned with the quality assurance policy of the Institution and focuses on the continuous improvement of the quality of its undergraduate, postgraduate, and doctoral study programs, as well as its educational, research, and administrative work.

The Department's policy is published and disseminated to its members so that its academic and administrative staff, as well as its students, assume responsibility for quality assurance in accordance with their respective roles.

The Department is committed to implementing a quality policy that supports the academic profile and orientation of its study programs, promotes their purpose and subject areas, sets, implements, and monitors quality objectives, defines the means, actions, and methods for achieving them, and applies the appropriate internal and external quality assurance procedures, with the ultimate goal of continuous improvement.

More specifically, the implementation of the quality policy of the Department of Statistics presupposes the application of quality procedures that ensure:

- the appropriateness of the structure and organization of:
  - a) the Undergraduate Study Program,
  - b) the Postgraduate Study Programs, and
  - c) the PhD Program,
- the development and improvement of existing study programs and the creation of new ones within the framework of the Institution's strategy,
- the pursuit of learning outcomes and qualifications in accordance with the European and National Qualifications Frameworks for Higher Education,
- the promotion of the quality and effectiveness of teaching,
- the promotion of the quality and quantity of the research output of the members of the academic unit,
- the appropriateness of the qualifications of the teaching staff,
- the linkage of teaching with research, incorporating the needs of the labor market,

- the formulation, implementation, and monitoring of annual quality objectives for the improvement of its study programs,
- the level of demand in the labor market for the qualifications acquired by graduates,
- the provision to students of high-quality and digitally developed services,
- the conduct of the annual internal evaluation of:
  - a) the Undergraduate Study Program,
  - b) the Postgraduate Study Programs, and
  - c) the PhD Program,within the framework of the Internal Quality Assurance System (IQAS), in cooperation with the Department's Internal Evaluation Group (OMEA) and the Institution's Quality Assurance Unit (MODIP).

The quality assurance policy of the Postgraduate Study Program (PSP) is posted on the PSP website at the following link:
